

**Leaders for a New Climate:
Systems Thinking and the C-ROADS Simulation
Workshop by Climate Interactive and Seed Systems**

**October 19-21, 2010
Held at MIT Sloan School of Management
Cambridge, Massachusetts, USA**

Participants will engage in:

- Systems Thinking: Causal loop, stock-flow and computer simulation tools for seeing the climate change system as a whole. Participants will receive a copy of C-ROADS.
- Working across boundaries: Tools for surfacing, testing and revising mental models to build effective multi-stakeholder networks for climate progress.
- Creating powerful climate, energy, and sustainability strategies: Reflections with insights from international experts and a diverse community of leaders.
- Learning from success stories: What's helping create a new low carbon economy.

Day 1

9:00 Welcome and Introductions and Overview

Break

10:30 World Climate play

12:30 Lunch

1:30 World Climate continued

Break

2:30 Professor John Sterman

Break

4:00 Vision I

5:30 Close for the day

Day 2

9:00 Overview of Day

Leadership and Learning I

Break

11:00 Systems Thinking I

11:45 Lunch

“Under the hood” with C-ROADS: optional session

1:15 Leadership and Learning II

Break

3:30 Systems Thinking II

Break

5:00 “Good news:” climate and energy case studies

6:00 Close for the day

Day 3

9:00 Overview of the Day

10:00 Systems Thinking III

Break

11:30 Leadership and Learning III

12:30 Lunch Networking

1:30 Vision + Action for Implementation

2:30 Closing
